CONTINUUM OF CARE REFORM & FAMILY FIRST PRESERVATION SERVICES ACT

CCR: MULTI-YEAR CALIFORNIA REFORM EFFORT

Primary Components:

- Child & Family Teams (CFT)
- Continuum of Family-Based Placements
- Resource Family Approval
- Short-Term Residential Therapeutic Programs

VISION

Children shouldn't have to move to access needed services. All systems share responsibility for youth and families.

Children and youth living with supportive families who have access to timely, relevant training, resources and a team of support.

Better outcomes for children, youth and families.

CCR is re-inventing recruitment of resource families and re-defining their role as a team member in meeting the needs of the child.

Higher levels of care, such as group homes, will only be for a specific period of time, as an intervention, not a placement.

FAMILY FIRST: MULTI-YEAR FEDERAL REFORM EFFORT

- Part of Bipartisan Budget Act of 2018 (P.L. 115-123)
- Considered landmark legislation because of changes to federal funding
- Comprised of 8 parts, but primary provisions are:
 - **Part I:** Expanded Title IV-E to include funding for front-end services to prevent the need for foster care
 - **Part IV:** New limitations and requirements on congregate care settings

“The title IV-E prevention program is part of a much broader vision of strengthening families by preventing child maltreatment, unnecessary removal of children from their families, and homelessness among youth. It provides an opportunity for states to dramatically re-think how they serve children and families.”

CCR UPDATES

BUILDING THE CONTINUUM OF FAMILY BASED PLACEMENTS

INTENSIVE SERVICES FOSTER CARE

- Intended to serve children who require intensive treatment and behavioral supports, as well as children with specialized health care needs in a home based setting
- Caregiver must complete special training & receives higher rate to assist in the care and support
- Relatives, NREFMs and community resource families can all be ISFCs
- **Capacity Exceptions:**
 - Preexisting relationship
 - Sibling group, and/or
 - Extraordinary needs that the family has unique ability to meet

LEVEL OF CARE: FUNDING BEFORE APRIL 1, 2021

- **Basic Rate** – Statewide Rate: one rate for all children; counties have Specialized Care Increment policies and can add to the Basic Rate
- **EXAMPLE: Specialized Care Increments** – Los Angeles County
 - D rate for children with severe emotional/behavioral challenges
 - F1-F4 rate for children with medical conditions, physical disabilities and developmental delays.
- **Dual Agency Rate** – Statewide Rate
 - 0-3 Dual Agency Rate for Child in Early Start Program
 - 3 and older Dual Agency Rate plus Supplement
- Rates after RFA Approval are the same for relatives and non-relatives; rate not dependent on eligibility for Federal Foster Care Payments

LEVEL OF CARE: FUNDING AFTER APRIL 1, 2021

- Instead of one Basic Rate for all children, there are 4 levels
 - LOC Basic, LOC 2, LOC 3 and LOC 4
 - Also ISFC/Static Rate
- Starts at current Basic Rate of \$1,037
 - LOC Basic - \$1,037, LOC 2 - \$1,153, LOC 3 - \$1,271, LOC 4 - \$1,387
- Counties can add a **Specialized Care Increment** to the LOC rate
- **Dual Agency Rates** have not changed
 - Children 0-3 in Early Start can receive 0-3 Dual Agency Rate or LOC + SCI whichever is higher

RESOURCE FAMILY APPROVAL/RELATIVE PLACEMENT

- “The child can’t be placed without RFA”
- “RFA is going to be denied so there is no need to start the process”
- “RFA won’t ever get approved because:
 - the child will be sleeping in the same room as the caregiver”
 - there isn’t sufficient space for the family”
 - the caregiver has a criminal record”
 - the caregiver already was denied and can’t apply again for two years”

- It's all in the Written Directives!
- Currently on **Version 7**
- Same force and effect as regs
- Provide specific guidance for RFA implementation, processes, requirements, oversight and due process.

Resource Family Approval Written Directives

VERSION 7
EFFECTIVE DATE: 06/15/2020

Prepared by:
California Department of Social Services

NEW EXCEPTIONS TO CAPACITY RESTRICTIONS

- The capacity may not exceed **six**, including adopted, biological, and guardianship children and children of a minor or NMD parent residing in the home, **EXCEPT:**
 - **To allow sibling groups to remain together**
 - **To allow a minor or NMD parent to remain with their child**
 - **To allow a child or NMD who has an established relationship with a Resource Family to remain with that Resource Family**

GENDER/SHARED BEDROOM

- Children of different genders may share a bedroom under any of the following circumstances:
 - (A) Each child is under eight years of age.
 - (B) The children are siblings.
 - (C) A minor parent may share a bedroom with their child.
 - (D) A Resource Family may permit a child to share a bedroom consistent with the child's gender identity regardless of the gender or sex listed on their court or child welfare documents.

CAREGIVER/SHARED BEDROOM

- A Documented Alternative Plan may be approved for a specific child or nonminor dependent to share a bedroom with a Resource Parent or an adult in the home due to special circumstances of the child which may include but not be limited to medical conditions or disabilities requiring close supervision.

REAPPLYING FOR RFA

- County shall cease further review of any RFA application if:
 - There has been a denial within the preceding year
 - There has been a rescission, revocation, exemption denial or exemption rescission within the previous 2 years

UNLESS...

County may continue to review an application if it has determined that the reasons for the previous denial, rescission, or revocation were due to circumstances or conditions which the applicant shows have either been corrected or are no longer in existence

EMERGENCY PLACEMENT OPTION FOR PROBATION

- AB 819 (CCR cleanup bill) took effect January 1, 2020
- Among other provisions, adds new code section - WIC 727.05
 - Explicitly authorizes a probation agency to make an emergency placement with a relative or NREFM prior to RFA
 - Mimics WIC 361.4 – requires CLETS, CACI and in-home inspection

NON-EXEMPTIBLE CONVICTIONS

IN RE CP (2020) 47 CAL.APP.5TH 17

- Absolute statutory bar to placement for non-exemptible is unconstitutional if relative can establish that they have a parental relationship with the child
- Court must determine if relative has "bonded, quasi-family relationship that courts have found worthy of protection as a fundamental interest."
- Factors court might consider:
 - Child views their house as "home"
 - "Only constant" in the child's life
 - Overnight, unsupervised visitation, sometimes extended for days and even weeks at a time
- If court finds relative and child have type of familiar relationship worthy of protection, must order agency to assess request for a criminal exemption according to factors in HSC 1522

PART 4: QRTPS

- FFPSA Part IV seeks to limit reliance on congregate care for serving children in foster care, consistent with the objectives of CCR.
- Eliminates IV-E funding after 2 weeks for children placed in congregate care unless it meets criteria for “**Qualified Residential Treatment Programs**” (QRTPs)

NEW QRTP REQUIREMENTS

■ FFPSA establishes new requirements for QRTPs, including:

- Operation of a **trauma-informed treatment model** and organizational framework able to meet the clinical needs of children with serious emotional or behavioral disorders or disturbances.
- Access to a **licensed or registered nurse**, not necessarily a direct employee of the facility.
- Provision of discharge planning and family-based **aftercare** supports for at least six months post-discharge.
- Assessment by a **Qualified Individual (QI)** who rules out the appropriateness of a lower level of care and identifies the specific mental health treatment goals that will be implemented by a Qualified Residential Treatment Program QRTP (STRTP).
- Use of a functional assessment tool to conduct the QI assessment.
- New **court hearing** requirements for each new placement determination, including specified findings.

GOALS

- These new requirements have the goal of:
 - Ensuring the appropriateness of all congregate care placements;
